

"Hard Times" but Plenty of "Dough"

I just dropped in to tell you about that Hard Times Party.

Well, after it beats all, how much of them there can be and still they ain't.

I'll tell you how I found out.

I saw that one in Fleece's window last week that said there was going to be a Hard Times Party, so says I, "I am go to that, you say I did."

"This here ole dress I've had for four years wot be noticed even a'tall on a Hard Times O'casion and even if some of them Bilk Socks are there, well my shirt's got up to style so they'll never tell what's the color of my socks."

They said it was to be a kermitery affair so I live in this kermitery and wasn't invited. But Aunt Jane said, "she'd like to see the women that wanted her sweatshirt or husband to be a kermitery affair and that she'd bet I wouldn't have any fun," but I did.

Good land, ole skin of socks, why there was one other there that had ole leg ringed all round with green and white and tother was red.

He sat down in some hurry to dress himself or else may be he had a hole in one sock and he was afraid them that way, but the trouble was his legs had grown about a foot since he bought them pants. He just didn't seem to care either.

But now I'd better start at the furst. As soon as I got inside the door I saw some folk standin up in 'tall. I just couldn't tell what it was. It had a checked cap that looked like a checker but there was a big red bow under the right of his chin and the dress was of some gawny pines plaid all together. Well, I got up a little closer and he said, "It's baker for there's a dough now!" But no baker like rolls of dough.

"That's a bet," they said it hard times here, there was a pass full of greenbacks under the side.

See above I got my eyes open that I see some body in a red rapper with a red bandana on her head, so I made a bee line for her, cause I thot it was Sara Lou and she was at her place since "My ole kaintake home" but jest when I got behind her she turned around and land sakes! I was too flabbergated for words.

She wasn't no colored lady at all and the feller she was with sure did look funny No. No; see folk never had hard times nookin at dere dere, no sir.

Then there was a feller with a long nose and a silk topper that was just happened in case he was all dressed up but had no place to go, but, lowess, I hope he marries the poor girl, but I don't see no little wenders in the door. So I saw a crowd and there was lots of jazz with cow bells attachments! And patches; yea never seen the like in all yore born day. Them patches was behind, before, under, thro' and around and all over. But the korus, I guess that's it, most of 'em say how hard jest kum out of the kitchen and maybe thot that was to play, and maybe little bit y'd see some cupie cum trotin by, that were just in there every day or Sunday go to meetin cibse.

I jest believe they could get more of them feller, so that stand at home if they knowed they could cum home in them swelled shirts and fringed collars.

You want to know who was there? "Well I'll awarn't hermitite cause they never made no acquainted with any body, but then you see, I told you, I didn't get on the inside. Right here's a new idea. There's no danger now of 'em in the bottom, the consul put a hole in others on their crescent so you don't have to get your feet wet and see you see, so you jest watch the sign in Fleece's window and be ready next time. If at first you don't succeed, try try again.

Office of the Lombard State Bank, Lombard, Illinois

Public notice is hereby given that at a special meeting of stockholders of the Lombard State Bank, held on March 22nd A. D. 1920, pursuant to notice, regularly delivered to stockholders and published according to law, it was voted by the stockholders representing more than two-thirds of all the capital stock of said bank that the capital stock of said bank be increased from \$25,000.00 to \$35,000.00 and that the number of shares be increased from 250 to 350, the par value of said shares to be \$100.00, and notice is hereby given that the certificate of said changes has been filed in the office of the Auditor of Public Accounts at Springfield, Illinois, and in the office of the Recorder of Deeds in the County of DuPage and State of Illinois, as provided by law.

Dated at Lombard, Illinois, March 24th 1920.

William Hammerichmidt, President, Henry C. Schumacher, Secretary, Lombard State Bank. 13-1

A NARROW ESCAPE

An accident that might have been a sad affair occurred down on the street crossing by the Congregational Church Tuesday evening after school.

Miss Frances Gerbig, who was riding her horse home as usual when Sidney Smith attempted to cross in front of the approaching animal. He fell under its feet and when it stumbled Frances was thrown forward over the horse's head.

Sidney had only a few scratches on his head. The two children were unharmed.

Frances was taken home unconscious but soon revived.

However she was badly bruised about the head. Two small children are excited about listening to the streets or crossing them when horses or vehicles are too near. At the same time this ought to be a lesson.

Dr. W. W. Frank

Dr. W. W. Frank, son of E. F. Frank the tailor moved to Lombard last week.

He has had practical and institutional experience for the past ten years and is well qualified for his position. See his ad. in another column.

THE ART AND LITERATURE CLASS

Mrs. Stella Manning will entertain the Art Literature class at the home of her brother, Mr. Lew Wobly Monday, April 5. At 2:30 Mrs. Ryan will talk on "The Jewel of Caribbea." A sketch of the life of Oliver Wendell is read by Mrs. Philip Oliver.

PARENT-TEACHER ASSOCIATION

An Invitation

March 22, 1920

The Parent Teacher's Association of Elmhurst extends to your Association and friends a hearty invitation to be present at our next meeting Monday even, April 5th 1920 at 8 o'clock at the Hawthorne School Assembly Hall.

Mrs. H. L. Fleming, President of the H. Council of Parent Teacher Associations will be the speaker of the evening.

Mrs. Wm Peart Pres. P. T. A.

SECRET NEWS

On Thursday evening, March 18th 1920, the Du Page County Council of the Boy Scouts of America had their annual meeting at the Wheaton City Hall.

The following officers were elected to hold office for the year ending March 1, 1921.

President, Judge O. D. Clark (re-elected); Wheaton; Vice-President, L. W. Norton, Lombard; Treasurer, R. O. Farnsworth, Glen Ellyn; Commissioner, M. H. Wright, Wheaton.

The Scout Executive's report showed that the Scout Work for the year has doubled. We now have sixteen troops at work. Plans for the next year was discussed.

The next meeting of the Council will take place at the Wheaton City Hall Thursday April 1st, 1920 at 8 P. M.

Is Lombard to have a Public Park? The Voice of the People

THE PARK QUESTION.

As explained in the issue of the Press last week, a petition for the creation of a park district, originating in the committee of the Civic League of Lombard was recently presented to Judge Rathje, who in accordance with the State Statute has set the date of April 10 for an election at which time the question will come up to a vote of the people.

The question of interest is, "What will the people of Lombard do about the project when it is placed before them for decision." Already there are some objectors who have consistently fought every progressive move the village has made, are whetting their sickle and speaking of blood on the moon.

This, of course, is to be expected. The same objectors opposed the cement sidewalks, the water plant, the street lights, the school house and the sewer. They argue that the cost is prohibitive at this time. When the project was discussed years ago, they argued that times were hard, and money scarce. Now money is plentiful but costs are high. It can be readily seen that no combination of circumstances to meet the desires of the objectors is possible.

It is not fair to oppose to anything that would increase their taxes, and it remains for Lombard's loyal, progressive men and women to unanimously carry this project to its end.

For many years, whenever a park proposition was discussed, the plot of ground known as the Cavanaugh property, between the Cavanaugh and Park Streets, was the only one given consideration. It has been more or less the same since the first infancy, and many have speculated on the possibility of using it for public purposes. However, the extreme depression of the surface, the water overcame, and the project never assumed a more formidable aspect than talk.

Now it appears, since the matter has taken serious form, that an entirely new and hitherto unthought of site has been brought forward as a contender. This new site is the triangular shaped flat that lies back of the building line on the north side of Grove Street on the west by the school grounds and on the east by ground as against somewhat less than side of Main Street.

This plot includes over 3 acres of ground as against somewhat less than 1/2 acre in the Cavanaugh parcel.

Until the sewer was installed there could be little possibility of utilizing either of these sites for any purpose. The ground was practically a marsh the year around. However, the sewer has made a great change and with a reasonable amount of filling it is claimed either parcel could be made abundantly dry.

There seems to be objectors to the larger site have advanced the argument that park visitors would always be confronted as well as affronted by the ill-smelling, evil-looking store yards along the Lake St. side. There seems to be a good natural difference of opinion on this point, those in favor of the flat, claiming that by the liberal use of moral suasion and beautifying shrubbery, this objection could be entirely overcome and that the expense of central drainage and surfacing is more feasible than on the Cavanaugh property.

It is also claimed that this site being contiguous to the school ground and so much larger than the Cavanaugh property, that it is far more practical, and that the children would derive a much greater amount of benefit from this point, than the school than from one several blocks away.

It is also so situated that it will not be limited to proposed present area but it could be added to at a future date. It is thought desirable to acquire the ground and that the expense of the present school property on Lake street, thus giving frontage on the Main travelled thoroughfare of the village.

An entrance from the lake street would be made just west of Fleece's store either by the Park Commissioners or by the Board of Local Improvements thus securing another much needed improvement.

Now is the time to act.

Let there be a full and fair discussion of the proposition, instead of a campaign of personalities and personal interviews. If a park is wanted, it is the people who must be quick to discern it.

A campaign of education in order, and if it be conclusively shown that the benefits of one proposition outweighs those of the other, the voters will be quick to discern it.

If a park is wanted, where will it be? The Cavanaugh property at \$10,000 for something over three acres of ground, with approximately \$3000 special assessments now standing against it at some other location not yet forth.

It is to be noted that the Cavanaugh property at \$10,000 for something over three acres of ground, with approximately \$3000 special assessments now standing against it at some other location not yet forth.

It is to be noted that the Cavanaugh property at \$10,000 for something over three acres of ground, with approximately \$3000 special assessments now standing against it at some other location not yet forth.

Local Weddings

Miss John M. Knappson

Mr. John M. Knappson son of Mr. Joe Knappson and Miss Hazel Offield of Downer's Grove were married at the home of the bride's aunt in Downer's Grove Wednesday afternoon.

The young couple left the same evening for a honeymoon trip to Niagara Falls and several eastern points of interest.

BRIDE-AND-GROOM

Wednesday evening March 24th 1920, thirty-eight guests gathered at the home of Mr. and Mrs. Carl Elrich to witness the ceremony that made the elder daughter of the household, Miss Ida, the bride of Mr. William Stock.

A gown of white crepe de chine adorned by real orange blossoms emphasized the daintiness and sweetness of the bride.

The bridesmaid, Miss Tillie Oldenberg of Forest Park wore blue taffeta and blue sweet peas and Miss Alena Elrich sister of the bride wore orange silk with daisies.

The groom, Mr. Jerry Bin and Paul Elrich. The out of town guests were Mr. and Mrs. W. Helmar of Gary, Ind. and Mrs. A. Oldenberg of Forest Park and Mr. and Mrs. F. Seams of Rochelle. These young people have the best wishes of the entire community. The bride being an accomplished young lady in every way that few brides are, because she has served her apprenticeship as a home maker in the best families of our town and the groom no doubt took this into consideration when he chose to woo and win her.

The groom has served as mail carrier for the past fifteen years and it seems pretty certain if he can keep it will be for some other person to serve the girls of his heart.

HELP THE NEWS.

Do you know of a marriage, birth, death, entertainment, visitor, departure, arrival party, anything that is news? It may not be news to you but it will be for some other person. Tell it to one of our reporters, Miss Ruth Johnson, Mrs. Puchalski or Hjelte's drug store.

Park Election, Saturday, April 10

Bear in mind that the election for or against the organization of a park district occurs on Saturday, April 10th between the hours of 1 and 9 p. m. Women vote at this election.

Take the assessed value of your property as it appears on your tax divide by seventy and you will have your contribution to the original cost of the park. This cost will be distributed over a number of years and will amount to about one dollar a year on property whose selling value is about \$3500. Another dollar a year will more than pay the cost of maintenance.

The cost of the park and its maintenance is levied against all of the property of the district, real estate and personal property. It is not charged merely against the land area as in the case of the sewers. There is therefore no way of computing the cost per front foot.

No one builds a house and leaves the grounds in the rough. He grades, fills, makes a lawn, sets out trees, shrubbery and flowers in order to beautify his surroundings. Lombard has expanded from \$350,000 to \$400,000 in sidewalks, water and sewer systems. These are necessary improvements, but have left the town in the rough. Now is the time to begin to beautify it. It is too much to expend \$10,000 or \$15,000 for that purpose?

Two sites have been suggested, the Cavanaugh property and the tract behind the stores. Every voter should make a personal inspection of these sites before election day.

A mass meeting to discuss the proposition is to be held at the school auditorium Monday evening, March 29th at 8 o'clock. Be sure to be there.

Don't forget the American Legion

Monday night the Post had a lunch of "Hot Dogs," rolls and coffee and inasmuch as the Civic League were holding a meeting upstairs in the school, they were invited down for "chow." Mrs. Mayor should ask if they don't see you first ask them for your tickets. At the last show many were disappointed in their inability to stay in the school building.

Don't forget the American Legion Movie Night at the Parkside Tuesday, April 6th. Through the activities of Mr. Reed we have been able to get eight good reels for that night and it is going to be good. All members of the Post have tickets at 30 cents a throw including wax and if they don't see you first ask them for your tickets. At the last show many were disappointed in their inability to stay in the school building.

Publicity Officer

WOMEN'S CLUB.

Last Monday's meeting proved to be an unusually spirited one. The business of naming four nominees to fill board vacancies was despatched quickly. Mrs. J. D. Vandercook for First Vice-President; for Treasurer, Mrs. E. J. Andrews; Corresponding Secretary, Mrs. Huwen; and Chairman of Social Committee, Mrs. Marriott.

Four new names were presented for membership. Our club is growing. Our outlook is broadening too. Reports made especially showed this. Mrs. Huwen for the legislative committee, presenting such subjects for consideration as the Initiative and Referendum, the new revenue bill, an still compulsory moment of mothers, whether our policemen shall have the right of truant officer; whether neglected children shall be permitted to roam the streets and destroy property. These matters are of moment to present day club women.

Mrs. Joy of the committee on education, made those present "sit up" when she said: "We need to be educated to want to pay taxes, especially school taxes. The fact that teachers are paid barely a living wage, has caused a shortage of 1000 teachers at the present time. Mrs. Joy spoke very earnestly and surely gave us food for thought."

Mrs. Abrams reported the conservation committee in favor of furthering plans for a park, while the opportunity for acquiring at a reasonable price, a desirable beauty spot in still possible, the need of protecting our wild flowers before extermination; and of the great value of home gardens. And Mrs. Andrews urged an interest in civic matters, in village matters, in furthering the opinion to favor clean backyards, neat, attractive premises etc. And favored giving publicity to the park project.

A report on the Camp Fire Girls - Mrs. Watts, chairman - told of the formation of the club in August with ten members. There are fourteen now. This club started with the training of the girls in the home, for outdoor life, self support and development, use of money etc. and is a valuable preparation for life.

A plea for further hospitality in behalf of the coming club convention in April, was made by Mrs. Morse. More places of entertainment are (Continued on page 3.)

American Legion to Give "Movie" Show

Lombard Post 391 is in receipt of a fine new six-gallon coffee boiler presented by Mr. H. B. Davies. We greatly appreciate this gift not only for the value it will be to us but because of the spirit shown by our good friend Mr. Davies.

At the meeting of the County Executive Committee of the American Legion March 11th, Mr. Arthur Marriott was elected County Commander. Our Post is certainly well represented and Mr. Marriott is undoubtedly the man for that position.

After the regular business meeting Monday night the Post had a lunch of "Hot Dogs," rolls and coffee and inasmuch as the Civic League were holding a meeting upstairs in the school, they were invited down for "chow." Mrs. Mayor should ask if they don't see you first ask them for your tickets. At the last show many were disappointed in their inability to stay in the school building.

THE FIRST STEP

By H. LOUIS RAYBOLD

When Doctor Fleming saw her... "This is the last time I shall come here as your doctor..."

"They've gone to heaven," Annette, her old nurse, told the child... "And that was the day of June..."

"Now, dearie," she soothed, "why didn't you tell me? I would've got it for you..."

"Anythin' you want, dearie?" she asked, putting her hand in at the door... "I'm reading, and I'm here!"

"You don't get your meals here?" she fumbled... "No," he answered, wondering at the curiosity of the old woman.

"Doctor Fleming opened his eyes that were neither green nor gray, and smiled..."

"If he knew how it hurt," she thought and closed her eyes... "What are all these about?"

"What are all these about?" she asked, pointing to the books beside her on the little white table...

"That aren't I going to see you at all?" June asked ungrammatically but wistfully...

"Oh, very well," very well, the young doctor snapped and had some young doctor had a chance to say good-by...

FROCKS FOR GIRLS

Heavy Linen or Cotton Used Most for Spring and Summer.

Georgette and Net Dresses Shown in Honors With Other Materials for Party Wear.

The sketch shows a sensible dress for a little girl of six years. It may be of wool fabric or of vaivaseen, or of heavy linen or cotton material for spring or summer.

Yellow heavy linen is used by some of the designers in developing smart, tailored spring or summer dresses for little girls.

This season vaivaseen and wool jersey cloth hold the center of the stage in serviceable materials chosen for dresses for little girls.

A particularly smart and popular type of school dress this season consists of a white dress with a blue or pink sash.

The margrave of Brandenburg, whose home state the Prussian dynasty, found the gem on a Jewish merchant in one of the margrave's raids into Silesia, and seized it, declaring it would place it in the crown of a great kingdom he was about to establish.

It is said that Herr Zinchenhof, a sacred antiquary, who had learned the tale of the diamond of the gem and who in some way had discovered that the world would come to his own between the years 1698 and 1702, implored the young emperor to rid himself of it before his certain death.

The greatest mark of a master-builder is his ability to learn from others. The best of the great men never ashamed to learn. He willingly takes pointers from his office boy when that important personage has something to say on the subject of his work.

Cottons for Dainty Frocks

New French and American Fabrics Ready and Tremendous Vogue is Predicted.

Cottons have been declared by textile experts for the coming season, and the patterns are so chic, so novel, and they make the humblest textiles so much valuable through the medium of their new beauty, that a tremendous vogue is predicted for them.

In the meantime the question arises: Who will make them up? If they are "new" the great French designers will be interested. But will such houses care to make up models that are less costly than the ones made of the sumptuous silk textiles? It is believed that new Paris designers will take care of this—those who are content with smaller earnings than the fees demanded and received by established houses like the Callots, Worth, Scherff, Paquin and a dozen others whose names are known well by rich American women.

Summertime, with cotton fabrics in many tints and weights, and trimmed in all kinds of laces and handwork, ought to offer charming alternatives for girls who enjoy planning and actually making their own airy, dainty summer frocks.

Alabastine

Instead of kalsomine or wallpaper

We Hand You the Package That Puts Health and Cheerfulness in Your Home

Smoked, grimy, papered, painted or kalsomined walls are a menace to health and offensive to the discriminating housewife. Alabastine is so economical, so durable, so sanitary, so easy to mix and apply that it is universally used in securing proper wall conditions.

Alabastine is packed in dry powder in full five pound packages, requiring only pure cold water to mix, with directions on each package. You will readily appreciate the economy of Alabastine over other methods, and remember it is used in the homes, schools, churches and all kinds of interior surfaces.

Stock Raising in Western Canada

It is as profitable as grain growing. Successes as wonderful as those from growing wheat, oats, barley, and flax have been made in raising horses, cattle, sheep, and swine in the West.

WHAT HE SHOULD HAVE SAID

Reporter Had Much to Learn About Proper Method of Referring to Different Speakers.

"I'm afraid you did not do us," said the editor, controlling his temper with an effort, as he eyed the newspaper copy.

"Why, Bill Hank sent her the mob' of course."—London Answers.

BRIEF FASHION NOTES

Transparent foliage in brilliant color is a recent fashion conceit in millinery trimming.

Some bolero suits are being shown and are suggested as being particularly smart and becoming for the young, slender woman, for these are made only in "bolero" sizes.

An effective and practical lingerie set suggested for a trousseau is of corded, plaited, and narrow ribbon in corded and yellow.

The Satisfying Sweetness of the wheat and barley food Grape-Nuts is well as delight these days. Grape-Nuts pleases without the addition of sugar, as is not the case with most cereals. Grape-Nuts is economical

# Du Page County Pig Club Established

Conducted under the auspices of the Du Page County Duro-Jersey Breeders' Association.

To quote from our Farm Adviser: "A number of the foremost breeders of Duro-Jersey hogs met in Wheaton last month and formed an association to promote the breeding of better hogs in Du Page County."

The best breed of hogs, like the best breed of cows, is the breed you own and select to raise; and we are hoping you are going to make it Duro-Jerseys. In fact, we are going to push you in that direction by getting your children to join the pig club.

About forty registered sow pigs, from ten to twelve weeks old, are to be secured from the Thoroughly Bred breeders of the county, and sold to the boys and girls under 18 for \$35.00 and \$40.00 each. The young people giving their note to a bank in Glen Ellyn for same.

This sale takes place in May. In late November there will be another sale and the pigs will go to the highest bidder and each boy should realize a substantial profit.

The owner will have the privilege of buying them back at the original purchase price if they so desire.

Prizes will be awarded. First prize: The best type of pig second: The one most economically fed. Third: The one showing greatest gain.

Mrs. O. W. Dyas, President; Elmhurst; Mr. V. V. Gregory, Vice-President; Wheaton; Mr. J. Ross Heasany, Secretary; Lombard; Mr. Clifford Gregory, Treasurer; Wheaton; Mr. Struble, Director.

## BOY SCOUTS GIVE FINE EXHIBITION OF SCOUT WORK

The Boy Scouts Demonstration at the Assembly Hall of the Hawthorne school on Friday evening last drew a much better attendance than was present.

Mr. Bartouch in a few opening remarks explained the objects of the meeting there that night was mainly to interest the fathers and mothers in the work the boys were doing under the guidance of their Scoutmasters and the Scout Executive.

Mr. Earl Rice, the superintendent

gave a resume of the work done since last July when there were about eight troops spread over the county. At the present time there are sixteen troops scattered along the Chicago & Northwestern line between West Chicago and Elmhurst.

During the year the boys have had

trips to Glen Ellyn, trips to Elgin where they inspected the Cook Publishing Company's works, the Kraft National Watch Company's plant and other interesting places. Spent two weeks in Camp at Lake Michigan near Whitehall and again at one of the lakes. All of these events are under the guidance of some older person and do a very large amount of good in teaching the boys to be self

reliant and helpful to each other. The boys next put on several features as rescuing a person in danger from a horse filled with smoke or gas; rescue from drowning; games of drill; tilting the rider, etc. all tending to keep the boys active and vigorous and at the same time building up their moral and physical character. Judge Clark from Wheaton gave a few practical hints to the fathers and boys present.

An exhibition of the work of the boys was also on display.

## Near East Relief Gets a Boost

The state-wide campaign for the raising of a large sum of money for the relief of the destitute, persecuted and dying in the Near East has been inaugurated and is in full swing. The amount expected from Du Page Co. is \$1500 as apportioned among the different towns and cities of the county. The reports coming from our neighboring cities are encouraging. Naperville has already reached its quota \$1000. Wheaton is near its goal that figure, Downer's Grove and Hinsdale also. Glen Ellyn and Huntley are nearing the completion of their smaller quotas. The amount asked from Elmhurst is \$500, and to raise this means the co-operation and generous response of all our citizens. \$225 has already been subscribed through the Elmhurst Woman's Club but this is only a start for the city, and it is essential for all to help us in this most vital and needed cause.

THE UNIVERSAL CAR

## Full and Running Over

Our stock room is full of Genuine Ford Parts. We have an assortment of parts that would enable us to build either a Ford passenger car or a Ford One Ton Truck from the ground up. Then too, those parts are Ford-made—each according to its use so that they are exact duplicates of the original parts now in your car, and will give the same constant, hard wear.

Our shop is equipped with up-to-the-minute tools and machinery, specially designed, so that we can properly and promptly take care of your repair work—from a minor adjustment to a complete overhaul. And the mechanics who will do the work for you are men who understand the Ford mechanism and who know the Ford way to do the work.

We are authorized Ford Dealers; we not only give Ford service but we sell Ford cars and Ford One Ton Trucks as well. So, it is easy to understand that we have more than a passing interest in your car.

Drive to our garage for Ford Parts, Ford Service or Ford Cars—Come to authorized Ford headquarters and be on the safe side of dependable repairs.

Insist on Genuine Ford Parts.

## The Notable New Six

It's the Cleveland Six. Not really new, either, for the factory began deliveries last Summer and since then the Cleveland has gone out over the country into the hands of thousands of owners. And these owners say they are delighted with it. There is every good reason why they should be delighted with it. For the Cleveland Six is really an extraordinary car.

We cannot tell you how good the Cleveland Six is. You must ride in it and drive it to know.

This experience will convince you of the power and pick-up and speed and flexibility of this exclusive Cleveland-built motor.

It will convince you of the comfort of the car, contributed to so much by the low underslung spring construction and the wide soft seat cushions.

You will be amazed at the ease of handling your Cleveland, how lightly it steers and shifts, and at the instant positive action of its brakes.

There isn't any other light car that will give you so much of all that you wish, and at such a fair price.

Come let us show you what a car the Cleveland is

SPRING LOGICAL TIME TO BUILD OR REPAIR FARM HOME.

Labels and Materials Easier to Get—More Time to Work.

It is interesting to note the constantly increasing number of farmers who are doing their building and repairing in the spring...

Materials and labor are easier to get during the winter... Winter is the duldest time for skilled labor...

"Every year, too," continued Mr. Hammerichmidt, "the farmer is putting more comforts into his home..."

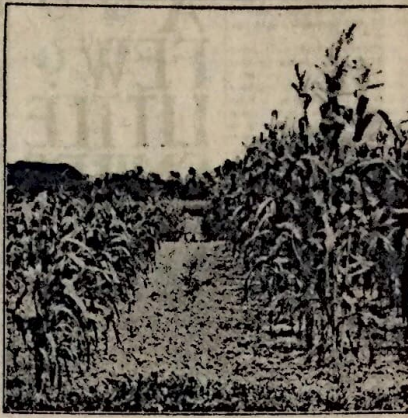

"Of course Beaver Board has long since proved itself a handy building material. It is found in the steepest homes. It comes in big sturdy panels that apply easily with hammer, saw, and nails—either directly over the existing joints and headers...

"Many farmers now are not only taking advantage of Beaver Board year-round qualities to do their repairing and remodeling during cold weather, but they are putting Beaver Board to many other farm uses. They are ceiling milkhouses, lining the garage, making barns and poultry houses snug and draft proof with this handy material, and many of them even keep a bundle on hand all the time for emergency uses every where."

SPECIAL ASSESSMENT NOTICE

Kimberly Special Assessment No. 180 Notice is hereby given to all parties interested that the City Council of the City of Elmhurst having ordered that a local improvement be made, consisting of a connected system of cast iron main water supply pipes, with all valves and boxes, gate valves and fittings and lead water service pipe connections in York Street from First Street to South Street; in Kewlworth Ave. from East Park Avenue to South Street; in Arlington Avenue from East Park Avenue to Adeline Street; and from St. Charles Road to South Street; in Hill Avenue from St. Charles Road to May Street; in Prairie Avenue and Poplar Avenue from St. Charles Road to South Street; in Cottage Hill Avenue and Prospect St. from West Park Avenue to St. Charles Road; in Adelphi Place from West Park Avenue to Adeline Street; in Charles Avenue from West First Street to Alexander Boulevard; in Hazans Avenue from Elm Park Avenue to St. Charles Road; in Grace Avenue from Elm Park Avenue to Wainthrop Avenue; in Spring Road from St. Charles Road to Montrose Avenue; in South Street from York Street to Poplar Avenue; in May Street from Prospect Hill Avenue to Orchard Street from Arlington Avenue to Hill Avenue; in St. Charles Road from Wainthrop Ave. to Grace Ave.; in Elm Park Avenue from Grace Avenue to Prospect Street; in Hill Church Street from Cottage Hill Avenue to York Street; in Claremont Avenue to York Street; in Prospect Street from Hazans Ave. to Prospect Street; in Marion Street from York Street to Arlington Avenue; in Virginia Street from Prospect Street from York St. in Adeline Street from York St. in Alexander Boulevard and Walter Street and Charles Avenue to Prospect St. in Margaret Place from Prospect St. to Cottage Hill Ave. in East Street to Cottage Hill Ave. in East and West First Street from Charles Avenue to Kenmore Ave.; in Maple Avenue from West First Street to West Park Avenue, and from East Road from East First Street to East Park Avenue, in the City of Elmhurst, Du Page County, Illinois, to be connected with the cast iron main water supply pipes, to be constructed in York Street in said City, and to supply water for private use and consumption by citizens and inhabitants of said City, and for fire protection for all the property in the said City of Elmhurst lying South of the South line of the right of way of the Chicago & Northwestern Railway.

And there being a deficiency in the special assessment heretofore made and confirmed to pay for the making of said improvement, and the City Council of the City of Elmhurst having ordered that a supplemental special assessment be made and levied for the purpose of completing said improvement and paying the estimated deficiency in paying the cost of making said improvement, together with the necessary

FERTILIZERS BOOST THE CORN CROP. Plot on Right Received Fertilizer, That on Left Did Not.

legal expenses attending the same, the ordinance for said supplemental special assessment being on file in the office of the City Clerk of said City, and the said City having applied to the County Court of Du Page County, Illinois, for an assessment of the deficiency in the cost of making said improvement according to benefits, and an assessment therefore having been made and returned to said Court (General Docket No. 4867) the final hearing thereon will be had on Monday, the 5th day of April, A. D. 1924, at 10 o'clock a. m. or as soon thereafter as the business of the Court will permit. All persons desiring may file objections in said Court before said day and may appear on the hearing and make their defense. Said assessment is collectible in three installments, which installments bear interest at the rate of five per cent per annum.

MICHAEL KROSS, Officer appointed to make said assessment. Dated, Elmhurst, Illinois, March 13th 1924. Alben P. Bates Attorney.

Looking over the array of the newest "best sellers" one is impressed with the fact that quality does not mean quantity.

So "pigs started the war between Austria and Serbia." However, Serbia didn't squeal.

Illinois Teachers to Have Increase in Salaries

Illinois teachers are assured an increase in pay that will do much to put a stop to the exodus from the schools which has gone on among teachers for the past two years. This fact was definitely established at the "Educational Field Day" which the Constitutional Convention delegates at Springfield held March 10th.

When the last school executive and teacher had spoken and the last question been asked from the floor which was packed with delegates and persons interested in the fate of the schools, members of the convention on all hands promised that that body was thoroughly aroused to the situation and that while it might not write into the new constitution the revenue raising program, exactly as it was written and urged by the teachers, there would be provision for the adequate support of the schools and the correction of evils

HENRY BEETLESTONE by Phone: Elmhurst 5 and 235-W

Entered as second class matter September 18, 1912 at Lombard, Ill. Postoffice, under act of March 3, 1879.

Subscription Rate, \$1.50 per year (Payable in advance)

Local and Personal

Last Sunday Mr. Fred Levey entertained Miss Josephine Davis and Mr. Pierre Ugeant of Chicago at his home on Winona Ave.

Miss Ellen Kuhn who has been suffering from a severe cold is up and around again.

Mr. and Mrs. George Scott and baby Janet Mary of Wheaton visited Mrs. Scott's mother in Lombard Sunday.

Mr. Fred Pullman visited the C. D. Hawk family of Lombard Tuesday.

Some of the students of Wheaton High School are enjoying a vacation during the quarterly exams.

Little Dorothy Ruth Dodge of Columbus ave. is confined to her home with measles.

Mrs. De Forrest School and two daughters, Dorothy and Jane spent the week-end with Mrs. School's sister Miss Wynon of Rogers Park.

Mr. and Mrs. Edw. Ballard spent Sunday with Mrs. Ballard's parents, Mr. and Mrs. J. D. Vandercook.

The Eighth Grade basketball team of the Lombard public school went to Glen Ellyn Tuesday night to play a game with the eighth grade there.

Although they lost the game, we hear they played excellently.

The initiation of the Girl's Club members has been postponed indefinitely. The next meeting will be a card party March 29th at the Iliac home.

We regret to say that Mrs. Ralph Neely is leaving Lombard Saturday for Minneapolis.

Miss Evelyn Izard of Glen Ellyn spent the week-end with Miss Oldlene Clifford.

On Wednesday afternoon Ralph Bennett gave a party for a number of his young friends.

Miss Oldlene Clifford entertained a number of her friends Tuesday evening.

The Harry Bease family will move from their home on Lake street to the Nichols' home of East Lombard Friday.

On Thursday Mrs. Fred Levey entertained a number of her neighbors at luncheon.

Mrs. W. A. Reed and Mrs. G. Mills spent Tuesday in Chicago.

Mrs. L. H. Schaefer who has been visiting in Florida is at home again. Mr. Jack Coffin is home from school for the Spring Vacation.

Miss Ida Harris of Oak Park visited friends here Tuesday.

Program subject to change without notice. All shows 10-20c. War tax extra.

Methodist Church Notes Northwestern University Gospel Team

At the Methodist Church Friday night March 26th, and Sunday all day March 28th, four wide-awake University men will bring us the Gospel in song and snappy messages. You want to plan to come to one or all the services.

Services: Friday Mar. 26th 8 P. M. Sunday regular services. Passion Week. There will be services every night at the Methodist Church during the week of passion.

Monday night—Rev. Patman of Naperville will speak. Tuesday night—Dr. F. D. Stone Dist. Supt. will preach the sermon.

Wednesday night—Dan Bate the well known Chicago mission worker will bring the message.

Thursday and Friday nights the pastor will be in full charge and will preach.

All evening services will commence sharp at eight o'clock and will close as nearly within the hour as possible.

You are urged to come and bring a friend with you.

Easter Services. Easter Sunday at 10:30 a. m. a program will be given by the Sunday School to which all the fathers and mothers are cordially invited. A baptism service will be conducted and members will be received into the church.

The Evening Services will consist of special music by the choir under the direction of M. Harrison Elias and a sermon by the pastor.

Another misspelled word. Errors get into newspapers and make editors want to hide themselves.

For instance a machine operator accidentally touched the wrong key. A proof reader's eyes didn't catch it but the public's eyes did. And it was about two very prominent ladies! Not here of course but in a near by town. It read thus: "Mrs. B. M. Seal went to Johnston City this morning to spend the day with an old chum, Mrs. Addie Barnham."

You've guessed it, the word was chum, not chump.

H. F. WILLIAMS, Route No. 30 Succulenta Tablets

THE KITCHEN CABINET

If you expect any stragles in 1932 you have got to perform them—today.

LITTLE ECONOMIES

Every one who helps to help the state this year can do so by giving thought to the question of how to economize on food.

If a veal loaf or any kind of meat loaf is wrapped in oiled paper before baking it will save a loss of flavor and juices with no hard crust.

An emergency filling for sandwiches for two or three people can be made from half a jelly glass of chopped meat.

A tablespoonful of molasses added to griddle-cake batter will make them brown nicely.

Keep a small bottle of caramelized sugar to color gravies. Brown sugar in a clean, smooth frying pan until it is dark brown, add boiling water to dissolve the sugar and bottle the liquid.

A few drops will color a bowl of gravy. In steaming puddings the soft or plum puddings which keep for some time if small baking powder cans (one-pound cans) are used the slices are shaped and there are never any broken bits to waste.

Best steamed in baking powder. Pancakes cook more quickly may be reheated in the oven and it also slices in attractive-sized pieces.

Best tests of purification just now lie in the stopping of all waste of food in our homes and substituting other foods for those which are less plentiful.

This can be done without sacrificing health or strength.

Boley may be used in many dishes in place of sugar. It is fine in cake and cookies, makes good griddle cake strap and candy. In fact is an all-around good substitute for sugar.

In cooking lemon pie filling remember the acid should not be added until the cornstarch or egg has been well cooked as the lemon juice will set upon the starch with the heat and thicken it.
