

# Tree Town Grade Schoolers Troop Back This Week; Say Moms, 'Peace, It's Wonderful!'

Children, members of the "Tree Town" troop, returned to school this week after a week of absence. They are sitting at their desks in the classroom. The children are smiling and looking towards the camera.

It has been a busy week for the family, but the children are back in school. The mothers are saying, "Peace, it's wonderful!" The children are happy to be back in school and the mothers are happy to see them. The children are smiling and looking towards the camera.

"It's a great world," said Miss Leland, as she pointed to the board. The children are listening attentively. The teacher is smiling and looking towards the children.

# On Ice Until November

By WALTER LIPPMANN

It is not until November that the ice on the Great Lakes begins to freeze. The ice on the St. Lawrence River, however, begins to freeze in October. The ice on the Great Lakes is made up of two kinds of ice. The first is the ice that forms on the surface of the water. This is the ice that is broken up by the wind and the waves. The second is the ice that forms in the bays and harbors. This is the ice that is broken up by the wind and the waves. The ice on the Great Lakes is made up of two kinds of ice. ## washday is any day when you have Automatic Laundry Appliances.

You won't be schedule-bound... when you have modern automatic laundry appliances! Doing a laundry is so easy, takes so little time, you can finish it off any hour of any day. You'll add two new days to your week... days you can't spend washing, hanging heavy wet clothes, standing for hours over an ironing board.

Your automatic washer will wash, rinse and spin the clothes while you're busy elsewhere. When washing time is up, you'll simply toss the clothes into the dryer... where they'll tumble and fluff-dry in minutes. Later, whenever you feel like it, you can sit down at your modern rotary ironer and in no time at all the entire laundry's folded!

You won't dread Monday... you won't worry about the weather... and you won't have "ironing backaches" - when you have automatic laundry appliances.

## Wide Variety of School Togs at Nearby Stores

Local merchants now have full stocks of all back-to-school clothes at various price ranges. They have been preparing for this season since early last spring. The demand for new clothing will be heavy this year, as shoppers should take advantage of the fresh merchandise offered in our local stores before stocks are depleted and the prices in higher.

Kindergarten, grade school, high school, college and career oriented young people will find the latest trends in style and fabrics suited to their needs, right here in their own community. Attention this fall is focused on school clothes. Shoppers have been buying school clothes from level to level. Some have been turned the spotlight on the school child, on that which is proper to school. It will be dressed suitably and to suit with his class mates.

Excitement has been in most of the local schools. That means that many more children must be outfitted this year. To avoid the crowds and the last minute rush, shoppers have been motivated to come early to make their selections.

**Leisurely Shopping**  
By visiting local stores, new shoppers can be assured of leisurely shopping, a choice of merchandise, current fashions and information of the right clothes for each school age member of the family to wear back to school.

One learns lessons from those who have none.—Percival Everett.

## Makers of Clothing For Men Making Use of Synthetics

When discussed it first—last year—there has been a whole family line of related synthetic fabrics, and now, too, have found that wardrobe. They are now using a synthetic material in a wide variety of good looks.

## WHAT ABOUT YOUR CHILD?

### 'Easygoing' Is Word for New Sports Wear

"Easy does it" is the keyword for clothes for the maximum collegiate crowd. More and more the cut-loose, soft and softening styles for men are being dropped as the younger men seek for the modern and convenience. It is the younger crowd, too, which started the demand for fresh colors and patterns in the traditional dress male wardrobe.

In sports wear, always more casual anyway, the new trends, fabrics and patterns lead the way to the new easygoing type of wardrobe.

Sports jackets are classic leisure-time apparel for the man on campus. Checks, solids or bold according to his mood, plaids and bold patterns are all fashioned in well tailored "bougies."

The check, or belted jacket, is in the front rank of main fashion on campus this year. Borrowed from the English sportsman, the perennial favorite is the second-hand American campus this fall.

Double-duty clothing is also a campus favorite. Such clothes are obvious budget-stretchers, and offer more convenience. Among these double-duty items are water-repellent coats with a slip-in lining and a wool coat with a removable fur collar.

Jacquard parka or sweaters—you've seen them with deer, moose-like designs, and the like—are a popular male fashion on campus. Handsome across a broad chest, too, spine the girls.

## Thank You...

We wish to take this opportunity to express our gratitude to the residents of this community who have expressed their confidence in us by seeking to enroll their children in our school. We regret that we are unable to accept any more pupils at the present time . . . but, in recognition of our responsibility to the youngsters of this community, we are in the process of enlarging our facilities to accommodate additional pupils in the near future.
